

March 11, 2009

Dear Board of Directors and Future Members:

Webster's Dictionary defines Entrepreneur "as a person who organizes and manages any enterprise, especially a business, usually with considerable initiative and risk".

This is devoid of passion, inspiration and mission. We know better. We know that the soul of an entrepreneur is passionate, faithful, optimistic and hardworking.

Your Chamber Board is comprised of a team of entrepreneurs. Your Chamber, month in and month out will feature networking events, education programs, policy and legislative updates, lunches, breakfast and more as we anticipate the needs of our members.

We will gather some of the strongest most innovative entrepreneurs in North East Ohio and beyond to share their ideas. Our members are business owners, leaders or those who aspire to bring their passion, enthusiasm and questions to these events.

One of your Chamber benefits is the opportunity to talk informally and socially with entrepreneurs. Come grow with us.

Sincerely,

RBrower

Robin L. Brower
Executive Director
